## Welcome

Thank you for your enquiry about membership of The Ashley Wood Golf Club. We are sure you will find our Club to be one of the friendliest & professional clubs around.

The Ashley Wood Golf Club was established in 1896 initially as a 9 hole course, The Golf Course was extended to 18 holes in 1994 following an injection of cash and a lot of foresight from the then members and ever since we are always continuing to improve the course and facilities.

The golf course and clubhouse are maintained to a high level of standards and the course provides a challenging and stimulating contest to all calibre of golfer.

We are justifiably proud of our catering standards and our main restaurant is capable of seating 70 people in comfort with another room available for smaller groups up to 40.

The Ashley Wood Golf Club appreciates your interest and looks forward to receiving your application. We enclose further information that we hope will be useful and would welcome the opportunity to show you around.

Many thanks

## Course

The course is played over downland and although hole 3 does have a short sharp hill, all other fairways are undulating with easy walking. Four holes are also played within the Ashley Wood, an ancient woodland which is carpeted with bluebells during May.

A number of holes are played over and around Buzbury Rings an ancient Hill Fort with wonderful views over the Stour and Tarrant valleys. The course is 6,307 yards long and with some 'open' drives and some holes requiring accuracy, it is a good test of golf skills for all levels of ability.

Being natural chalk downland, the course drains very quickly and remains playable in all but the most extreme weather.
